Daniel Caesar

Creative Director: Jay Won
Designer/Developer: Caroline Kopsky

- have content extend to full width of page – set margins to 0
- have more margins for texts on pages like "life & career" and "artistry"
- have spotify widget component display on albums page if possible
- have tabs in nav bar be more spread out. Similar width to "Daniel Caesar" text in home page
- use columns for the box design in home page
- add footer – just add designer, creative director names, along with sources. simple background color(brown)
